

**JOIN TODAY**

Please join the Dundee Sportsmen's Club even if not into hunting and fishing. Join to help finance the facility and grounds for continued use by the community.

Your dues will help support the payment of property tax, insurance, electric, septic pumping and continued repair and upgrades.

Please complete the membership form below and mail it along with a check to the name and address below. If you are able to include an additional donation toward the youth programs and, or ground repair and upgrades, that will go a long way to keeping this great facility operational for future generations. Even if you can't support the club with additional donations, we can always use your help at some of our events.

Warmest Regards,

James Kutz

President
